

# Welch Allyn Propaq® LT Monitor

It won't just change how you monitor patients. It will change where you do it.

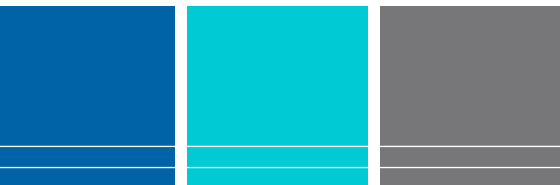

WelchAllyn®

# Easy to use. Reliable. Quality you can trust.

And versatile enough to be used anywhere.

## Welch Allyn Propaq® LT Patient Monitor

### Easy to use

Ideal for continuous monitoring and spot-check during simple procedures, the Propaq LT features an intuitive, navigational keypad. And it's easy to move throughout your facility, weighing in at just about two pounds.

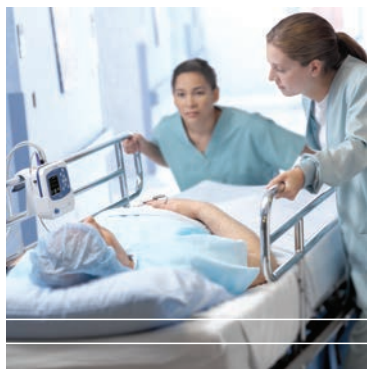

### Reliable enough for any situation

The Propaq LT was designed for rugged military use and can stand up to your toughest days. With shock resistance that can withstand a six-foot drop, you can be confident that it is durable enough to use during simple procedures or to monitor vitals in pre-op and recovery.

### A name you know and quality you can trust

Hospital and military personnel have counted on Propaq monitors for decades for their proven reliability. To further protect your investment, the Welch Allyn Partners in Care<sup>SM</sup> Services program will help ensure your monitors are up and running whenever you need them.

The monitor to deploy **when and where you need it most.**

The Propaq LT is ideal for use as a bedside or procedure monitor. With a revolutionary design that's light enough to fit on an IV pole, rugged enough for air transport and versatile enough for pediatric applications, the Propaq LT gives you the power to monitor more patients in more places than ever before.

## Partners in Care<sup>SM</sup> Services

SUPPORT | EDUCATION | PROFESSIONAL

### Get the Welch Allyn Partners in Care Services advantage.

Partners in Care goes beyond your standard product warranty to take service and support to another level, designed to meet your goals for cost and lifecycle planning.

Welch Allyn Partners in Care Services provide you with:

- Improved system uptime and performance
- Predictable support costs
- Regulatory compliance
- Faster response times and issue resolution
- Efficient, cost-effective methods to keep equipment at appropriate validation levels

### Comprehensive Partnership Program

When you have limited internal resources or simply want your staff to concentrate on other tasks without relying on third-party providers, consider our Comprehensive Partnership Program. It's like adding Welch Allyn service technicians to your staff.

We partner with you to handle all of your service needs including:

- Expedited service repair and delivery
- Loaner coverage\*
- Free shipping
- Parts and labor at no charge
- Calibration discounts
- Accessory protection
- Software updates

\* Loaners are included under warranty with Propaq LT patient monitors.

Please discuss your needs with your Welch Allyn representative. He or she can customize a service and support program that works best for your facility.
